

B+W Single Filter Case 1

B+W Filter Cassette 2

B+W Filter Pouch 3

B+W Photo Clear 4

B+W Filter Pouches 5

1 B+W Single Filter Case

This flat filter case in a handy size is made from an impact resistant plastic. It lets you see, through a square window in the cover, which filter is inside. A foam rubber insert provides a good fit and prevents the filter from sliding around. This way, the filters can also be carried in your pocket without any problems. The following sizes are available:

- b to 52 E,
- c to 62 E,
- d to 77 E,
- e to 105 E,
- f to 122 E,
- bh to 52 E for pol filters and special attachments,
- ch to 62 E for pol filters and special attachments.

2 B+W Filter Cassettes

This is a filter case designed to hold four filters and is made the same way as the single filter case. These are available for the filter sizes 49ES to 58ES.

3 B+W Filter Pouch B6

This pouch is made of plastic with a protective foam covering and has see through pockets for six filters. It is ideal for travelling and fits in most any gadget bag.

4 B+W Photo Clear

This cleaning cloth is made of revolutionary new micro fibers, and it works on all optical surfaces such as lenses, filters, etc. It is free of chemicals and is washable and reusable.

5 B+W Filter Pouches

Made from a durable water and abrasion resistant nylon fabric. Lined with foam material, with Velcro closing and clear plastic window for an identification tag.
